Your support is one way of showing that the UC spirit lives on after you leave campus. To succeed in today’s complex world, our students require an education that encourages open inquiry and creative thinking. They need classrooms and study spaces that support today’s technologies and methods of learning. Most of all, they need full access to a great education, regardless of their financial or physical limitations. To support UC students like Snow, please call (416) 978-3803, (416) 978-0271 or visit donate.utoronto.ca/uc.

“Over the past year, I worked with Principal Ainslie on the UC building planning committee, and I can tell you that your generous support will help to transform UC into a place that is accessible and fully functional for all students. Your donation will revitalize the library and other study spaces inside this beautiful heritage building for the benefit of students for years to come.”

UC BUILDING REVITALIZATION

Please donate to the UC building revitalization project. In order for the new study areas to be ready for students in the 2017-2018 academic year, we need additional financial support from our alumni and friends. Already, over 250 generous individuals have donated, from recent graduates to long-time donors, from staff and faculty, to faculty emeriti. We are proud that the UC community is coming together to upgrade the inside of our beloved building to better meet the needs of today’s students. Please join us today!

UC Collections Room
East Hall is the original, historic location of the UC Library, and now it will once again provide students with a magnificent, historic space in which to learn to study.

UC Library Alcoves
The Alcoves within the Library Collections Room in East Hall will provide students with quiet nooks for browsing library materials and individual study.
UC Library Café A new Library Café will meet the food and beverage needs of students using the revitalized UC Library. Located in the tower of University College, the café will be a convenient option for study breaks and a community hub for UC students, faculty, and staff.

Accessibility Our plan calls for additional ramps and accessible points of entry for students with mobility challenges. A central elevator, enhanced lighting, and way-finding signage will make navigation easier for everyone.
The alumni lounge is available for your use:

**Comfortable seating, flexible work space, and a collection of historical photos make the University College Alumni Lounge the ideal place to meet UC friends, catch up on work, or just relax between running errands downtown. Drop by anytime!**
